

RESUME

Name: Shreya Dadaso Patil

Email: shreya.patil@example.com

Phone: +91 XXXXX XXXXX

Location: Kolhapur, Maharashtra, India

LinkedIn: <https://www.linkedin.com/in/your-profile>

GitHub: <https://github.com/your-profile>

CAREER OBJECTIVE

Motivated B.Tech student specializing in Artificial Intelligence and Machine Learning, interested in Artificial Intelligence, Machine Learning, Full Stack Development, and software development. Looking for opportunities to apply technical knowledge, develop real-world solutions, and build a successful career in the technology industry.

EDUCATION

Bachelor of Technology (B.Tech)
Artificial Intelligence and Machine Learning
College/University: [Your College Name]
Kolhapur, Maharashtra
CGPA: 9.19

TECHNICAL SKILLS

Programming Languages:

Python

Java

JavaScript

HTML

CSS

SQL

AI / Machine Learning:

Machine Learning

Deep Learning
Natural Language Processing
Artificial Intelligence
Computer Vision
TensorFlow
OpenCV

Web Development:

React.js
FastAPI
Node.js
Tailwind CSS
REST APIs

Database:

PostgreSQL
MySQL
SQLite

Tools and Technologies:

Git
GitHub
Docker
VS Code
Postman

PROJECTS

1. AI Career Intelligence System

Developed a full-stack AI-powered career assistance system that helps users manage their career information and receive personalized career guidance.

Key Features:

- User registration and login
- User dashboard
- Resume upload
- Resume management
- ATS Resume Analysis
- Skill Gap Analysis
- Job Recommendations
- Learning Resources
- Career Roadmap
- Placement Readiness

- Dashboard Analytics
- AI Career Recommendations
- Resume Builder

Technologies:

React.js, Tailwind CSS, FastAPI, Python, PostgreSQL, REST API

2. Structural Health Monitoring System

Developed an AI-based system for detecting structural cracks using computer vision and machine learning techniques.

Key Features:

- Image-based crack detection
- Image processing
- Computer vision-based analysis
- AI-based structural monitoring

Technologies:

Python, TensorFlow, OpenCV, Machine Learning

3. Medical Store Management System

Developed a web-based medical store management system for managing medicines and store-related information.

Key Features:

- Medicine management
- Product information management
- Database integration
- Web-based management interface

Technologies:

Node.js, SQLite, HTML, CSS, JavaScript

4. Blood Donation Management Website

Developed a web-based blood donation management project during a hackathon.

Key Features:

- Blood donor information
- Blood donation management
- User-friendly web interface

Technologies:
HTML, CSS, JavaScript

INTERNSHIP EXPERIENCE

AI-ML Virtual Internship

Worked on Artificial Intelligence and Machine Learning concepts and explored cloud-based AI/ML technologies.

Technologies:
AWS Cloud, Amazon SageMaker, AWS Lambda, Artificial Intelligence, Machine Learning

IIT Bombay EdTech Internship

Duration: July 2025 – September 2025

Worked as an EdTech Intern and gained experience in technology-based educational solutions and project development.

Full Stack Development Internship

Worked on full-stack web development and developed practical skills in frontend and backend technologies.

Technologies:
React.js, Node.js, FastAPI, REST APIs, PostgreSQL

CERTIFICATIONS

- NPTEL Database Management Systems (DBMS)
- Accenture – NASSCOM Acquiring Data / AI Fundamentals
- AWS AI-ML Virtual Internship
- Zscaler Zero Trust Cloud Security
- National Level Hackathon Certificate
- Ideathon Certificate – VIT Pune

ACHIEVEMENTS

- Participated in Girls Wanna Code 7.0 and cleared the first round.

- Participated in a national-level hackathon.
- Participated in an ideathon at VIT Pune.
- Member of the GDG (Google Developer Group) club.
- Developed multiple AI, ML, and full-stack projects.

AREAS OF INTEREST

- Artificial Intelligence
- Machine Learning
- Deep Learning
- Natural Language Processing
- Computer Vision
- Full Stack Development
- Software Development
- Cloud Computing

SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Leadership
- Time Management
- Quick Learning
- Adaptability

LANGUAGES

- English
- Hindi
- Marathi

CAREER GOAL

To become a skilled AI/ML engineer and contribute to innovative technology solutions while continuously improving my technical and professional skills.
